

POSITION SPECIFICATION

POSITION TITLE: Mechanical Fitter - Mining

LOCATION: Cobar, Australia

New Gold is an intermediate gold mining company. The company has a portfolio of three producing assets and three significant development projects. The Mesquite Mine in the United States, the Cerro San Pedro Mine in Mexico, and Peak Gold Mines in Australia are expected to produce between 380,000 and 400,000 ounces of gold in 2011. The fully-funded New Afton project in Canada is scheduled to add further growth in 2012. In addition, New Gold owns 30% of the world-class El Morro project located in Chile and, in June 2011, New Gold acquired the exciting Blackwater project in Canada.
